About Webinar:

This webinar highlights the importance of NEP was released under the Government of India's Ministry of Human Resource Development (MHRD) on 30th July 2020. The aim of new policy is universalization of education from Pre-School to Secondary level with 100% gross enrollment ratio (GER) in school education by 2020. The NEP 2020 has been introduced at the right time to complement the process and vision of creating quality, institution, a culture of innovation and a highly skilled work force. This is landmark change by the Indian Government, as they have replaced the 34 year old national policy on education which was framed in 1986 with the new education policy of 2020.

Key Points:

- 1) Early childhood care and education the foundation of learning.
- 2) Foundational literacy and numeracy of urgent and necessary pre-requisite of learning.
- 3) Curtailing dropout rate and ensuring universal access to education at all level.
- 4) Curriculum and pedagogy in schools learning should be holistic and integrated.
- 5) The policy is founded on the three pillars of research, innovation and quality with objective of developing India into a knowledge super powers.
